Award port survey job

First step toward industrial development of Hancock County through utilization of its waterways was authorized by the board of supervisors Monday when a contract was executed with Michael Baker, Jr., Inc., of Jackson for engineering services.

The study as recommended by the recently created county port and harbor commission provides for the work on the preliminary planning report to commence at once and the next two steps to be completed by July 1, 1964, so they can file in Jackson and the county can qualify for the two-mill ad valorem fund in the next fiscal year.

The supervisors last month levied one mill in the current county fiscal year for the port commission which is estimated to raise \$15,000 on the basis of the present \$15 million assessment. The payment schedule in the Baker contract is on a funds-available basis with the \$15,000 for the first phase to be made not later than next March 1 provided services are completed.

The total job, provided it finds development potential and is not used, runs to \$36,000 and phases are to proceed upon authorization of the supervisors as funds become available. If next July's report is approved by the State Commission of Budget and Accounting, the rebate will run about \$30,000 and it is anticipated that will make the undertaking virtually self-supporting after the initial local levy.

harbors, waterside industrial area, public dock facilities and other improvements including recommended priority and a tentative schedule for implementing the long-range plan.

Phase three, the \$4,000 feasibility report which winds up the part to go to Jackson by next July 1, covers estimated costs of contemplated improvements, tentative schedule for financing and feasibility of the initial stage of the development.

Wrapping up the over-all study will be a \$1,500 study on tentative zoning regulations, restrictive covenants and other items to control and implement

Hancock General Hospital this week got a \$272,763 grant from the U. S. Department of Health, Education and Welfare for its proposed 36-bed addition which is estimated at \$409,144.

Word of approval as an accelerated public works project came from Rep. William M. Colmer and Sen. John Stennis.

Hospital Administrator Thomas O. Logue immediately consulted with Foster Fowler, executive secretary of the Mississippi Commission on Hospital Care to determine procedure for utilizing the funds and was to meet Wednesday afternoon with Carl Mathes, Jr., of Hattiesburg, architect who prepared the schematic drawings for the application.

The grant requires the contract for construction be awarded by next Jan. 31 which leaves the local hospital authorities and board of supervisors with 90 days in which to secure working plans and sell the necessary bonds to finance the local share of the cost.

First steps toward securing federal aid in expanding the hospital were taken in August, 1962, as population growth taxed the present 32-bed capacity.

METHODISTS BREAK GROUND - Main Street Methodist Church broke ground for a new building Sunday for the first time in this century when Mrs. W. A. McDonald, in photo at right, oldest member of congregation, turned first spadeful of dirt for new parsonage at North Second and Timberlane Streets. In top photo, Mrs. Lamar Martin, wife of pastor, turns spadeful as first woman who will occupy parsonage. Members of official board, trustees, parsonage committee and others followed suit. Taking part with Rev. Martin in service were John Ginn, board chairman; C. C. McDonald, Jr., building chairman, and John Miller.

Court asked to stay election

The Supreme Court of the United States was asked yesterday to postpone the election of supervisors of Hancock County, scheduled for next Tuesday, or to enjoin election commission from certifying the results of the election.

The action was taken by the plaintiffs in the redistricting suit who last week were told by the State Supreme Court that they had adequate legal relief from the admitted inequity in the county's districting through the initiative and referendum procedure provided under Section 170 of the Mississippi Constitution and Section 2870 of the state code.

The procedure given the state's highest court's approval, as well as Chancellor William Hines' in the trial court, requires those seeking redistricting of a county, when refused by the board of supervisors, to file with the board a petition setting forth the district boundaries they want signed by 25 per cent of the qualified voters of the county. If this is done the board of supervisors is required to call an election on the proposed districts, which if approved by a majority of the voters become the districts and cannot be changed by the supervisors for two years.

Oh, yes, we vote Tuesday

Indications are that Tuesday's general election, of little interest to voters in the past because of the huge Democratic majority may cause a record-breaking turnout due to unprecedented Republican support in the governor's and Lt. governor's races. Polls open from 7 a.m. to 6 p.m. county-wide.

County Democratic nominees feel they will have little opposition but supporters of both teams for the state's top offices have been working feverishly to get the voters out. Democrats Paul B. Johnson and Carroll Gardner face Republicans Rubel Phillips and Stanford Morse for governor and Lt. governor.

Narrow hydrogen bids to 2

Two firms were selected last week for negotiations to supply liquid hydrogen to Mississippi Test Operations and Marshall Space Flight Center for the Saturn launch vehicle test program from among seven companies which submitted proposals in September to the National Aeronautics and Space Administration.

They are Linde Co., division of Union Carbide of New York, and Air Products and Chemical, Inc., of Allentown, Pa.

The contract to be negotiated will require the supplier have capabilities of producing up to approximately 115 million pounds of liquid hydrogen from April 1, 1965, through December, 1970. However the amount to be purchased is not yet known.

Still evaluating huge Saturn bid

Bids on the biggest job yet sought at Mississippi Test Operations were still being evaluated by the Mobile District, Corps of Engineers, yesterday, to determine the lowest price for the work the government estimated at \$17 million.

The project is the Saturn V second stage complex. It includes a test stand consisting of a concrete structure 127 feet tall and topped by a 500-ton structural steel tower about 58 feet high; two steel instrumentation towers, blinkers, test control center and subsidiary facilities.

Presumably because of the projects size most of the bids were by joint ventures. They were George A. Fuller and Warriors Construction of Dallas, Texas; Martin K. Eby Construction Co. of Wichita, Kan.; Morrison and Knudson and Paul Hardean, South Gate, Calif.; Rust Engineering of Birmingham; Est-Hokin Corp. and R. B. Potashnick of Cape Girardeau, Mo.; Blount Bros., M. M. Sundt Construction and Keller Construction of Montgomery, Ala.; C. H. Leocivell and Co. and Peter Kleivt and Sons of El Paso, Texas, and

J. A. Jones Construction of Charlotte, N. C.

When bids were opened last Thursday it was reported Fuller-Warrior was apparent low at \$12,232,000, with Keavell-Kleivt at \$13,391,872. However evaluation of unit prices is understood to have revised the earlier finding.

If the award is forthcoming in the next few days, work probably will start in mid-November on the job for which a 15-month construction period is provided and employment at the test site will mushroom.

Personnel count went up again this week with 562 persons employed by the 15 active contractors against 506 last week. The total is 785 with 34 at NASA, 51 at General Electric, 79 at the Corps of Engineers at the site and 43 in the Bay St. Louis real estate office; eight with Raytheon, seven with the weather bureau, and for the first time, one with Boeing-Jack Morrison, advance liaison man.

Two bid opening dates have been postponed—central control building, originally set for Oct. 29, to Nov. 5, and navigation lock from Nov. 12 to 14. Permitting fencing job was completed and accepted earlier this month.

The Corps at Mobile now has called for bids on Nov. 26 for building a high pressure gas facility to provide high pressure gaseous nitrogen, hydrogen, helium and air for use in testing operations.

State rejects one road, adds other

Construction of the Standard-Rocky Hill Road in Beat 5 as a federal-state aid project was postponed until at least next spring by the board of supervisors Monday when the State Highway Department refused to approve the \$165,694 low bid on the job of Necaise and Penton, Gulfport contractors. The board then rescinded its order awarding the bid which ran well over estimates.

Eye location shift for school at Pearlington

A snappy Saturday meeting of the county board of education found the board tentatively changing its decision to relocate the Loggona School on 16th Section lands near Pearlington, already approved by the State Education Finance Commission, appointing Dan J. Egan, Pearlington resident, chairman of a group he will select to find a suitable site south of that location, which would have to be purchased, and accepting bids for repairs to the leaky roofs at North Central School.

Egan told the board that because of rapid growth of the Pearlington area caused by influx of NASA personnel and relocation of Loggona area residents, it is essential that construction of an elementary school in the Pearlington area be started right away.

First step toward this was taken in July when architect Fred Wagner presented plans for an eight-classroom school, designed for expansion to 14 rooms, to house the relocated Loggona attendance center. A site has been cleared by the county in 16th section just south of the NASA buffer zone. However, action of the board in advertising for bids for actual construction has yet to be

Seal is named to draft board

Leo Seal, Jr., of Bay St. Louis, was named by President Kennedy, upon recommendation of Gov. Ross Barnett, as a member of Hancock County Local Board No. 24, Selective Service System. It was announced by Col. C. S. Sanders, Jr., state director of selective service. He succeeds his father who died Sept. 24. A native of Bay St. Louis and World War II veteran, Seal will serve with two other board members, Eddie J. Arceneaux and Eugene F. Davis in carrying out regulations and policies of the universal military training and service act. The members are assisted in their duties by Mrs. Joseph Zengarling, local board clerk. The office is located in the Stevenson Building on Main Street, Bay St. Louis.

WATCHFUL - Police Chief Alcine Sauter is pictured doing a favorite of his many tasks. He takes pride in the fact that no one was ever injured crossing the street to and from school when he was on the job and considers that fact his most important contribution to the community. Sauter, who will be 75 next March, retires today after almost 32 years service under four political regimes and particularly regrets one change in local law enforcement problems since he first took office. Then, he says, juvenile delinquency was virtually non-existent.

Kenneth Pepperdene civic leader, is dead

Kenneth Wilson Pepperdene, 73, who took a leading role in civic and church affairs of Bay St. Louis after his retirement from United Fruit Co. in 1955, died early Friday at Hancock General Hospital after an illness of several months.

Mr. Pepperdene was a member of the original board of trustees of Hancock General Hospital and had served as its president for one year and treasurer for four years. He resigned as one of the two at-large trustees only four weeks ago. At the time of his death Mr. Pepperdene was commodore of Bay-Waveland Yacht Club, having been elected to an unprecedented three terms in that post, and was chairman of the Hancock County (Cont. on Page 7)

Dump Eatonville 39-13

Ladner, Randall spark Hawk win

Hancock North Central's revitalized Hawks lost no time Friday night proving that last week's victory was no fluke, scoring against North Forrest High of Eatonville the first time they got their claws on the pigskin and going on to win 39-13 before an overflow homecoming crowd in the Hawk Stadium.

The birds, composed mostly of sophomores and juniors including star end 14-year old Wendell Ladner who is six foot four and weighs 190 pounds, blasted themselves into the win column last week for the first time in three years with a 58-7 win over Pass Christian. They will enjoy a much deserved rest this week but will be back to exhibit their newly found power Nov. 9 against St. Martin in the Hawk Stadium.

North Central lost no time getting down to business Friday, Eatonville won the toss and elected to receive but they could get nowhere against a rugged Hawk defense and were forced to punt. It was a good kick and the ball rolled to the Hawk 15. On the first play halfback Kenny Randall took the ball on a hand-off from quarterback Eddie Peterson, bulled his way through a surprised Eatonville line, cut-danced a couple of would-be tacklers and with good blocking crossed the goal standing up. It was an 85-yard run, Peterson flipped a pass to Wendell Ladner for the extra point.

Again Eatonville got the ball and again they were oymied and had to punt. This time the Hawks moved the ball to the enemy's one from where Peterson passed to Paul Cuevas for the TD, Peterson got the extra point on a heaper.

The Hawks continued the attack in the second period, quarterback Adren Pamecy getting off a 40-yard pass to halfback Paul Cuevas for the third touchdown of the game. The try of extra point failed. Eatonville took possession on the kick-off and having failed to make the Hawk defense, took to the air only to see Wendell Ladner grab the ball out of the hands and return for pay dirt and the birds' fourth TD. However, the Eatonville line refused to submit defeat and QB Darcia Smith got off a 58-yard run to Ramon Riala that was good for six points but the try for conversion failed. At the half it was 27-0, North Central.

It was the same story in the third quarter, the Hawks on the move and Peterson going over

teer work at the hospital while
seven received 50-hour certi-
ficates at the auxiliary's annual
awards luncheon last Wednesday
at the Garden Center.The 100-hour pins went to
Miss Mae Colson, Miss Veronica
Mohr and Mesdames Beze Hill,
W. D. Jones, C. C. McDonald,
John McCloskey, Lucien Ray-
mond and R. O. Vorbusch. Cited
for 50 hours were Mesdames
Joseph Kern, Jr., Herbert Raten-
berg, H. H. Shepherd, Hill, Jones,
McDonald and Raymond.Several other members were
recognized who in previous years
have received pins and added
many hours since then. Great-
est number of hours logged so far
are 421 by Miss Henrietta Mohr.
Next award is a gold pin for
1,000 hours.Dr. A. K. Martinovich, Jr.,
chief of the hospital medical
staff, gave the address, thank-
ing members for their help in
patient care and praising them
for fund raising activities which
have provided much needed
equipment. With the increased
patient load he urged the pink
ladies to continue their efforts.Mrs. Ben Hille, auxiliary pre-
sident, introduced the physician.
Mrs. McDonald introduced
Thomas O. Logue, hospital ad-
ministrator, who displayed plans
for the addition and helpport.Magr. James J. Hannon gave
the invocation and gifts were pre-
sented to Mrs. L. W. Hart, super-
visor of nursing, and Miss Amy
Cooley, dietitian.The auxiliary board meets at
9:30 a.m. Monday preceding the
general meeting at 10 a.m. in

self-government. It carefully omits authorization or re-
sponsibility by the Republican party or either of its can-

Unfortunate but!

Were it not for the possibility that most Mississippi Democrats from habit will again this year treat the general election as a formality and not bother to go to the polls, neither next Tuesday's election nor the relative merits of voting for Lt. Gov. Paul Johnson or Mr. Rubel Phillips would be worth editorial comment. However, human beings being human beings, a lot of Democrats are going to think the election of Mr. Johnson is in the bag and not bother themselves with voting and that changes the picture.

Whether Mr. Phillips is a sincere Republican or merely an ambitious opportunist as we believe, whether this or whether that, the fact remains that, with the aid of President John Kennedy's contrails of unpopularity, for the first time since Reconstruction days there is a possibility that the prior better of the Republican Party has a chance, if not a good one, to be elected governor of Mississippi.

Had we higher regard for Mr. Phillips and his campaign tactics we could see the possibility of some good coming from his election even though, with an almost unanimously Democratic legislature, it would probably mean an ineffectual administration for the next four years. The fact, however, remains that last year Mr. Phillips was a professed Democrat and the Gov. Ross Barnett and the Lt. Gov. Johnson he so criticizes today are the same ones he didn't publicly criticize then. Almost all of the faults he now finds in the present administration had occurred a year ago, but then he raised no outcry. They weren't so bad until he learned he might be able to get the Republican nomination for governor.

When you place Lt. Gov. Johnson's greater knowledge of, and experience in, our state government and the obvious advantage in having our governor of the same political party as the vast majority of his legislature on one side of the scales and to balance it you have primarily the promises of Mr. Phillips, whose own sincerity of political affiliation is subject to question, the choice is right obvious.

Nevertheless, the Democrats better turn out next Tuesday or the obvious choice won't be our next governor.

Mr. Rubel Phillips claims to be an anti-Kennedy candidate, in fact that's 90 per cent or more of his advertised qualifications for Governor. He sought and has now received the support of the AFL-CIO. Next question.

Wonder how many married couples Tuesday night's chill brought together?

Goblins and GOPers Our Readers Write

Editor, Sea Coast Echo:

Trick or treat on Halloween has become a national past-time for children and even many teenagers. This would be a pleasant time to look forward to if all of the celebrants who ring bells, knock on doors and in many other ways attract attention of the householders would consider the feelings and the property of those who live along the "line of march".

Every year plants are ruined and much mischief is done, regardless of the full bags of loot the marchers collect. If parents would caution the young ones that a night of "fun" does not mean willful destruction maybe the perpetrators of pranks would think twice before being guilty of these things.

Most of the young people are orderly and polite but a few put black marks on the "treating custom" and most people are wary of the whole business.

I hope we have a joyful Halloween without malicious destruction and I know the kids will be "treated" right with no "tricks".

ONE WHO WAS "TRICKED" WHEN GOODIES RAN OUT.

Bay St. Louis.

Editor, Sea Coast Echo:

Your editorial of Oct. 24 is a shining example of both the "Kennedy and Johnson Democrat" philosophy—keep the voting public in the dark. Being limited to a 300-word reply we cannot fully discuss all issues Phillips and Morse covered during their appearance. Suffice it to say the "Kennedy-Johnson-Morse deal" deal, Johnson's financial irresponsibility, the "Kimball Berry-Johnson loss of memory deal," the positive Phillips-Morse program to correct such abuses and to correct liquor and tax abuses by local option liquor laws and lower priced license tags were fully stated.

Johnson is afraid to answer the challenge issued to him to debate issues! Say what you will, this alone is the reason for Phillips has no trouble in gathering audiences. His in Jackson was larger than Johnson's in spite of Johnson's pressure on state employees to buy tickets. Phillips has spoken throughout the state. Where is Johnson if not evading the challenge in order to keep the voters in the dark.

On "Democrat opportunistic turned Republican" you had best face the fact that the Jeffersonian Democrat of yesterday (our grandfather's party) is today's Barry Goldwater-Phillips Republicanism. The stranglehold tactics of the New Deal, Fair Deal, New Frontier, Johnson one-party Democratic policies have landed Mississippi 50th among these 50 United States in income and education.

Would Jefferson presume to tell us how we MUST vote on Johnson and your editorial have? Many Mississippians voting Sullivan or Coleman before obviously didn't want Paul Johnson. We believe firmly they will feel the same way on Nov. 5 and will employ their inalienable right to vote for men of THEIR choosing. Their only obligation is to do so. "Morals" connected at, for and by the internally decayed Kennedy-Johnson Democrat Party of today will, we pray, never usurp the freedom of Americans to think, associate, worship or vote on their conscience alone dictates.

HANCOCK COUNTY REPUBLICAN PARTY.

Wilson Webb, chairman.

(EDITOR'S NOTE: "The lady who protest too much, methinks." If what Rubel Phillips urged others to do constitutes good morals, then there can be

no complaint on that score. The editorial stated: "We can only assume that Mr. Phillips' own moral code is the same as that which he urges on others.")

Editor, Sea Coast Echo:

Am forced to reply to your recent editorial of Oct. 24, entitled "Lies and Morals." Without question, a newspaper has the right to support any candidate it desires, usually one which will be an asset to the office he is seeking. However, when a newspaper seeks to grade any issue formed by Republicans Rubel Phillips and Stanford Morse as "minor" and give the impression that Democrat nominees Paul Johnson and Carroll Gartin are standing on a unbeatable platform, then that newspaper has ceased to correctly inform its readers. We all know the only plank in the Paul Johnson platform has been crushed under the mashing heel of the RFK-Barnett-Johnson Ole Miss telephone deal published in the Oct. 7, Newsweek and more recently in daily newspapers throughout the state.

Please answer to your readers these questions raised by your editor: "How 'minor' a detail is a \$10,000.00 bathroom paid for with our tax money?"

"How 'minor' is the release of convict Kimball Berry from Parchman penitentiary?" "How 'minor' is the issue of whether our next governor should support Republican Candidate Barry Goldwater or Democrat Candidate John F. Kennedy?"

Am sure your paper would be delighted to know Section 3129 of the Mississippi Code of 1942, which reads in part "No person shall be eligible to participate in any primary election unless he intends to support the nominations made in the primary in which he participates", has been declared unconstitutional by the Mississippi Supreme Court in 1960. We now have a chance to vote for the best qualified candidate for any office whether he be Republican or Democrat—but we do have a choice.

Let us all take these last few days to find out what each candidate really stands for. Mississippi can still afford to make any more mistakes.

Sincerely yours,
DAVID H. JAMES
Pass Christian.

(EDITOR'S NOTE: Sec. 3129 of the Mississippi Code of 1942 has not been ruled unconstitutional in 1960 or at any other time.)

OFFICIAL PROCLAMATION PROCLAIMING ALL SAINTS' DAY AS HOLIDAY

Every November 1st of each year is known as ALL SAINTS' DAY. It is a day set aside when special tribute is paid to the memory of the faithful who have passed on. It is a day when the public visits the cemeteries and decorates the graves with flowers; and religious ceremonies are the order of the day. It is fitting that one and all visit the "cities of the living" and pay respect by their visit and prayerful solicitation; and since ALL SAINTS' DAY is recognized over this entire area of our Southland, and in some places as a legal holiday, it is fitting that Bay St. Louis always as a day of thought and consideration on this occasion.

HERBERT, I. John A. Scafile, Mayor of the City of Bay St. Louis, do hereby issue this as the City's official proclamation declaring that ALL SAINTS' DAY, NOVEMBER 1st, 1963, a holiday, and further, officially recognizing that all places of business be closed on that day, in order that the public engaged in business and others employed may visit the cemeteries and pay respect to the memory of the departed. Signed at the City Hall, this 26th day of October, A. D., 1963, and attested by the City's official seal.

chapter, American Red Cross. He was a past president of the Mississippi Coast Yachting Assn. and of the Bay St. Louis Rotary Club and had been a member of the North American Yachting Assn. He served a number of years on the vestry of Christ Episcopal Church and was a member of the church choir.
Born April 4, 1890, in London, England, son of the late Dr. and Mrs. Frank Pepperdene, he moved with his family to Canada as a young man. Later he went to Alabama and New Orleans before settling here where he lived on the Jordan River. He was a refrigeration engineer with United Fruit.
Mr. Pepperdene's interest in medicine and allied fields

stemmed largely from his father, a physician in London in the early 1900s who was associated with Dr. Crook in x-ray research and for whom the familiar Crook x-ray tube is named.

His first wife, the former Mariel Allamond of England, died Dec. 18, 1937, and the next week his only daughter, Mary Estelle, died Dec. 26, 1937, while in her teens.

His marriage to the former Ester Fuente took place in 1940. Other survivors include three sons, Maj. John M. Pepperdene, USA-ret., Pacific Grove, Calif.; Kenneth W. Pepperdene, Jr., of New Orleans and Leslie Pepperdene of Bay St. Louis; four grandchildren; two brothers, Rev. Liddon Pepperdene of Chatham, New Brunswick; Frank Pepperdene of Vineland, Canada; and two sisters, Mrs. Gordon Cameron

School board...

(Cont. from Page 1.)

S. P. Powell of Beat 5 agreed more schools will be needed and Beat 5 trustee Ed P. Orte warned not to move too fast. He suggested they wait and see what land NASA is going to take, saying it might not use some of the land in the north zone.

He noted that the building site previously agreed on is near the Louisiana line and thought it would be foolish to build there. He also questioned what effect noise from the launching site would have on school work and suggested that land be purchased farther south of the buffer zone.

Referring to Orte's statement Egan said NASA officials told him they are positively not going to take any more land and that noise from the test site would be negligible.

Robert F. Ladner, superintendent of education-nominate who will take office Jan. 1, questioned the architect's estimate of \$215,000 to build the new school, saying it only cost about \$188,000 to build North Central. It was noted that \$35,000 was estimated for furnishings, etc., and \$180,000 for actual construction. Egan said he was in the contracting business and figured it would cost about \$10,000 a room.

The matter of the leaky roof at North Central was solved when the board accepted bids received on an emergency basis of Texas Refining Corp., for material, \$634 and H. Guenard, for labor, \$300. Only other bidder was R. F. Mestayer Lumber Co. for material \$775.13. The board will seek remuneration through civil court from the original builders.

In other matters, Sue Ann Osborn was employed on a temporary basis as second grade teacher at Gulfview and Superintendent R. G. McCarty was instructed to notify all persons responsible for incurring bills to appear at the second meeting of each month instead of the first to explain the expenditures. Beat 2 Trustee Lamar Lee complained of incompetency of at least one teacher at North Central and McCarty was instructed to notify Principal J. D. Penton to appear at the Nov. 4 meeting.

CORNER 2ND & MAIN STS. BAY ST. LOUIS

MISSISSIPPIANS ARE NOT STUPID!!!

Mississippi has two strong, conservative Democratic U. S. Senators: Sen. Eastland and Sen. Stennis.

It has five outstanding conservative Democratic U. S. Congressmen: Colmer, Whitten, Abernathy, Williams and Vinson.

Each of these men are against the Kennedys and each of them are FOR the ELECTION of Paul B. Johnson, Jr., as GOVERNOR, and Carroll Gartin as Lt. GOVERNOR.

The people of Mississippi have nominated MISSISSIPPI DEMOCRATS to EVERY OFFICE in the state, most, including the State Legislature, practically elected without opposition.

These elected officials are CONSERVATIVE DEMOCRATS and they have urged the election of Paul B. Johnson, Jr., for Governor and Carroll Gartin for Lt. Governor.

The people of Hancock County elected Democrats to every office in the county and these officials have endorsed the election of Paul B. Johnson, Jr., for Governor and Carroll Gartin for Lt. Governor.

Mississippians, through the leadership of Governor Barnett and Lt. Governor Johnson during the past four years, have played more industrial prominence than any previous period in history. Through their courageous stand against the enemies of history, through their courageous stand against the enemies and other outside meddlers our schools are the only public schools in the United States presently segregated.

TRAGEDY

The Kennedys, in their attempt to persecute Mississippians, the Governor, Ross Barnett, and Lt. Governor Paul B. Johnson, have caused enough confusion. They, and their cohorts, still have the Governor and Lt. Governor under contempt and threaten them with a heavy daily fine for standing up against them.

Since the CONSERVATIVE DEMOCRATS of Mississippi have banded together for the past four years in a common fight, it would be nothing short of tragedy to split ranks now and "take in" two so-called "Republicans" to bring about chaos and confusion at home.

Mississippians will not be fooled

Mississippians will not be fooled by the \$300,000 worth of outside professional advertising gimmicks practiced on the people by these so-called "Republican" candidates. The Republican candidate slogan is "KO the Kennedys" but Kennedy's friends, the A. F. of L. and C. I. O., endorse the Republican candidates this week.

BEAR THIS IN MIND

The Mississippi Democrats are not bound to the National Democratic Party and do not have to abide by the decision of the National Party.

BUT

The Republicans of Mississippi are affiliated with the National Republican Party and will have to abide by the decision of the National Party—even to support Rockefeller! (The Mississippi Republican Party rejected Goldwater in 1960 to nominate Nixon)

REMEMBER

This race is for Governor and Lt. Governor of Mississippi — the President of the United States! Listening to the Republican candidates, you hear nothing of their experience and qualifications for the office they seek but only condemnation of the conservative Democrats of Mississippi.

MISSISSIPPIANS ARE NOT STUPID

They will discount all of the half-truths, innuendos, false advertising and promises of the Republican candidates but will recall the progress made, and to be made, by Paul B. Johnson, Jr., and Carroll Gartin as leaders of our state.

Little Hawks post fourth gridiron win

Gulf Coast Conference football teams are taking notice of previously weak North Central, who won their last two games hands-down—and there is more to come.

Last week the junior Hawks won their fourth straight of the season downing Gulfview 48-33. In their first game they beat Gulfview 72-0, then St. Stanislaus juniors 19-7 and North Bay Elementary 19-7.

Starting were end Mike Ostien who caught five touchdowns passes in the last game against Gulfview, quarterback Glen Davis who intercepted two passes and went for two touchdowns in the game, and fullback Marvin Lee who got two TD's against St. Stanislaus.

WINNERS AT SUPPER

Prize winners at the spaghetti supper of St. Joseph Academy Parents Club last week were Mrs. A. J. Aguin of Waveland, Barbara Chubb, Leo diBenedetto and James Doyle.

USM alumni here top goal

Hancock County chapter, University of Southern Mississippi Alumni Assn., is one of 13 chapters to reach the membership goal for this year to date, according to Powell G. Ogletres, executive secretary. Local goal is 35 members and 42 are enrolled.

Officers of the local chapter include Mrs. Donald Coffey, pre-

sident; Bob Hubbard, vice president; Mrs. Jeanne D. Williams, secretary-treasurer, and Mike Hoss, director.

The entire alumni association has exceeded its membership aim for the first time in history with 5,413 joining the active ranks against a goal of 5,407. Previous high was 4,719 last year.

Good Food

Among the many attractions that bring vacationers, conventioners and visitors to our Mississippi Gulf Coast is good food.

And foremost among the many improvements that have come with the unprecedented developments of recent years is the increasing number of places where guests may be well-fed.

Mississippi Gulf Coast waters supply our tables with shrimp, oysters, crabs and fish in an abundant variety. In the preparation of sea food our cooks provide tempting dishes to satisfy the tastes of the most fastidious and discriminating gourmets.

Our chefs know what to do with their ingredients, and our Gulf Coast cuisine is an appetizing combination of French, the Spanish and Southern cooking. Ours could become a world famous rendezvous for men and women seeking better food.

People, men in particular, will go to the ends of the earth to find some special something to fill their empty stomachs. No matter how long a man lives he will remember until his dying day a perfect meal he enjoyed somewhere in congenial surroundings. The main attraction of the neighboring city, New Orleans, is its eating places.

If we continue to build on our reputation for providing good food, and improve upon the services of our cafe and restaurants, the Mississippi Gulf Coast can become an epicurean paradise, to which an increasing number of visitors will gravitate. If we will capitalize fully upon what comes out of the sea, employ our native talent, publicize, advertise and promote the foremost asset, we will become a major resort, recreational and convention center. Let us not forget that eating is one of man's most popular forms of recreation.

In any way possible to be afflicted with spring fever this season, your reporter is certainly suffering from a severe case of sun blindness to shine goldenly from cloudless skies, and still rustle the mostly green foliage and everyone be enjoying the one-of-a-kind to the fullest—fishing, barbecuing and other summer past-times, it's hard to concentrate on the job at hand which happens to be to let you know what's going on in and around the Bay-Waveland

Reason for procrastination is the fact that it's with a heavy heart this column by extending deepest sympathy to Estep and family on the loss of "Pop" as he was affectionately called the Echo office. There's always little to say at such a time except that we'll always remember him for his cheerful disposition, boundless enthusiasm and the fact that he was one of the dimming members of "gentlemen of the old school". And Malvin Lader and daughter, Kelly, of course, are doing some really good news. The happy report on a growth from Malvin's throat last Tuesday at the R. Eye, Nose and Throat Hospital in New Orleans was negative AND his M. D. told him to break his five days of absolute silence, he was for to utter even a whisper, until Saturday.

ony for a little girl

Little Jean Noto, daughter of Jackie and Ben Noto is the envy of all her little friends. Her grandparents, Mr. and Mrs. Roland, and aunt, Judy, presented her with a miniature Stearns and Sons car on the occasion of her third birthday, Oct. 21.

Carol and Dan (Kirschner) who have spent little time in their home harbor home of late, due mostly to the arrival of their child and second car last June, arrived Thursday for the week.

The travelling Miss Rita Cue is off again. . . shortly after her departure from Tampa, Fla., she departed for Philadelphia and New York City.

A very happy, if belated birthday wish goes to newcomer, Jack Bell, formerly of Live Oak, Fla., who celebrated Oct. 21. The Bellays, who several years ago made their home on Hillside and now live in Dallas, Tex., are spending a month in Waveland.

Margie and Sidney Woods are looking forward to a vacation trip with his mother in Hazlehurst. They leave today and will return Sunday, after which Sidney will enter the Maritime School of Advanced Sailing in the Crescent City where he will acquire his ship's certificate. Margie will continue to operate the shop owned by a very pretty blonde named Sherrill.

Mrs. Archibald Bruff and Mrs. James Robert attended joint dedication and homecoming festivities at Tulane Saturday. Among the dedications made, one was that of Bruff Commons, in honor of Mrs. Bruff's late husband, registrar of the University and also first cousin of Mrs. Robert.

ne way to vacation

We've been writing so much about gay vacation trips that we'll have one sad tale fit of all who were unable to go anywhere or do anything this year. Yvonne Pennington had been looking forward to her week off from work. . . sooooo, when the time came, week it wasn't exactly a choice between the seashore and the mountains. . . she spent the entire seven days nursing husband Norman who was suffering from a severe attack of gout.

On the more pleasant side of the ledger, Shirley and Arch Whitlock took off for several days in the Crescent City and a couple more visiting friends in Baton Rouge. Mr. and Mrs. O. Delph also enjoyed trip Sunday. . . they drove to Punkin Center, near Springfield, La., for a Delph family reunion at the home of Mr. Delph's nephew. Delicious barbecue was served in his renovated farmhouse summer place, but think the thing that most impressed the Bay St. Louis members of the clan was that it actually RAINED!

Mrs. Bernice Grant returned from just about everywhere, Miami, Atlanta, North Carolina, etc. on Red Cross business late Sunday. . . was just about worn out from her travels, but reports a very hard journey.

Friends of former Sears Avenue resident Mrs. J. C. Jumonville, were happy to greet her when she visited the Bay Monday. . . she is now employed as a secretary in the office of a Crescent City very concern.

Happy indeed was the bride, Mel Schwartz, as the sun shone brightly Saturday when she became the bride of Bob Haynes in quiet but impressive ceremony at Clermont Harbor Methodist Church. Happy first anniversary Norma and Tommy Karl, who were wed on Oct. 28, 1962, in St. Clare's Parish Hall, the Church being under construction at that time.

Gripe time

It's careless drivers and some of the most irritating being those who pull completely into the wrong traffic lane when preparing to make a left turn off a side street. . . when this occurs on some of our narrower streets (Union and Beach, for instance, some pretty fouled up traffic jams occur.

Sports notes

Specs must be biting—Clam Penrose was busy casting from the seawall last week and the automobile bridge was loaded with anglers daily; Baldwin Wilcox, spending a week's vacation with wife Doris and houseguests, Mr. and Mrs. J. W. Kidd of New Orleans came in with a boatload Monday, Tuesday and Wednesday. As for hunting, don't think

anything is in season. . . we'll probably have to do without frog legs this season. . . due to the drought, the swamps are waterless even if anyone were bold enough to fight off the swarms of mosquitoes. Here, too, that due to the combustible state of forests, deer hunting season may be postponed unless rain falls in a hurry.

Rolands celebrate 50 years

Mr. and Mrs. J. C. Roland of 112 N. Second St., celebrated their golden wedding anniversary last Saturday. Their son, J. C. Roland, Jr., his wife, and two daughters came over from New Orleans to join them for the occasion.

A native of Woodville, Mr. Roland came to Bay St. Louis in 1908 and was in the drug store business for over 35 years. Prior to retiring, he was associated with L. A. de Mouthaux and Son Drug Store for a number of years, and with Beach Drug Store. He was co-owner of the former Atlas Drug Store with the late F. P. Cassidy.

Tigers trounce Hornets

The race between Bay High and Ocean Springs for the Gulf Coast Conference championship drew a step nearer completion Friday with the Tigers whipping Poplarville 31-7 in a fast moving contest while the Greyhounds eked out a 12-0 win over St. Martin, a team Bay High licked 41-0. Both squads in their opponents stadiums, Ocean Springs has not played Poplarville this season.

Both teams are highly favored to win their warm-up matches this week before the crucial contest Nov. 8 between the Tigers and the Greyhounds. Bay High plays Slidell here in a non-conference tilt Thursday and Ocean Springs will entertain Pass Christian Friday. Slidell boasts a strong squad having beaten Poplarville 26-0 and held Notre Dame to two touchdowns although losing 13-6. Pass Christian has a 3-4-1 record this season.

The Poplarville Hornets held the Tigers scoreless in the first quarter but things started popping in the second, the Tigs getting four touchdowns with quarterback Leroy Luke passing to end Billy Thomas for two of them.

With the second period barely a minute old Luke faded back from the Hornets' 13 and flipped a pass to Thomas that was good for the first tally. It was the climax of a Tiger 75-yard drive. Poplarville was unable to move the ball and had to punt and Luke scored from the nine on a keeper after an 80-yard drive. The Tigers had found a soft spot in the Hornets' defense and the backs were gaining consistently over tackle.

Bay High got possession again midway in the same quarter and after a series of gains Dick Watts cut loose for 51 yards and the third TD. The fourth came on a Luke to Thomas pass combo from the Hornets' 25. Then, with only 33 seconds left in the half Dick Mestayer bucked over from the one after the Tigers had recovered a Poplarville fumble on the Hornet 26 to score in four plays. Larry Johnson scored the only extra point for the Tigers following Mestayer's score. Luke to Thomas for 46 yards in the fourth stanza accounted for the final Tiger touchdown.

The Hornets' only touchdown came on a nine-yard run late in the game on a nine-yard run.

Dusty Rhodes star at SSC homecoming

Suzi Rhodes was official queen of St. Stanislaus College homecoming Saturday night but her cousin, halfback Charles (Dusty) Rhodes, was uncrowned king.

Dusty was the difference that put the Rockchaws gridders in the win column for the second time this season by carrying the ball to paydirt twice to beat tough Benjamin Franklin High of New Orleans 12-0 before a capacity homecoming crowd in Stanislaus Stadium. Early in the second quarter Rhodes bobbed and weaved for 82 yards to draw first blood and scored again in the final period on a two-yard run.

Credit for the victory is shared by a rugged Rockchaw defense playing heads-up ball that forced the Falcons to punt or lose the ball on downs and they were never able to penetrate the Rock line to get within threatening distance.

Rhodes brought the crowd to

its feet with 7:15 left in the first half. After a sustained drive by the Falcons the Rock defense dug in and stopped the enemy cold on the Stanislaus 18 where they got the ball on downs. Dusty tried the line on the first play and appeared to be stopped but got through by reversing his field. He turned on the steam and all the Falcons could see was dust as he sprinted down field, crossing the marker standing up. A fumble spoiled the try for extra point but at the half the Rocks were nursing a 6-0 lead.

It was a punting duel in the third period but the Rocks got a drive going in the final quarter, moving to the Falcon's two from where Dusty scored. The extra point try failed but the Rocks' defense held and there was no further scoring.

Planning campaign strategy, newspaper editor Percy Greene and other Negro political leaders meet on night before primary. Jackson Advocate editor and other Negro politicians kept news of man they were backing secret until night before election. They felt publicity on Negro support of candidate Paul Johnson, Jr. would hurt him.

NEGROES VOTE IN MISSISSIPPI

Candidates ignore colored vote publicly but bid for black ballots in secret

TO MOST AMERICANS Mississippi is considered the most backward state in the nation. Its treatment of its Negro citizens is acknowledged to be the worst in any state. But Mississippi is changing swiftly. No better proof can be found of that political and social revolution than the remarkable state primaries this year in which more Negroes voted than any time since the hectic days of Reconstruction. Color to the polls some 20,000 strong in the formerly all-white Democratic primaries, colored Mississippians cast enough

ballots to provide a balance of power which resulted in a strong showing for the candidate Negroes supported secretly—Paul Johnson, Jr.

Although Johnson lost in a campaign complicated by eight gubernatorial candidates, a record number in Mississippi history, the Negro voters found their relatively small number (about 400,000 people went to the polls) a potent even if publicly-disregarded force.

In one of the strangest political campaigns of modern times, the office seekers publicly

ignored the record Negro vote but tried every behind the scene maneuver possible to garner at least a share of the black ballots.

As a result the "keep the Negro in his place" issue long made infamous by the late and unlamented Senator Theodore Bilbo was conspicuous in the campaign only by its absence. While candidates were afraid that their bid for the Negro vote might hurt their chances with white voters, not even the most ardent white supremacists on the state wanted to risk losing any Negro votes.

Solicitor challenges union dues

Contending that he is being deprived of his constitutional rights, Cornelius J. Ladner, local attorney, filed an answer Monday to a Chancery Court suit instituted by the Mississippi State Bar to restrain him from practicing law in Mississippi because of non-payment of dues to the association.

The bar alleges that according to state law, Ladner, not being otherwise excepted, is required to pay dues and cites Sections 8685 through 8724 of the Code of 1942 and particularly Section 8699 as amended by the laws of 1960, Chapter 289.

In his answer Ladner states he received a license to practice law on Aug. 20, 1948, "and nowhere on the face of said license is the defendant required to do anything as alleged in this Bill of Complaint". Also, that he "does not want to be a member of any Bar Association and has never made a meeting of the Mississippi State Bar and never has made a convention of the Mrs. Ola Ladner
